INTRODUCTION

Events in the green belt of the Lővér hills

Hotel Szieszta is the largest hotel in Sopron, at the foot of the Alps, on one of the finest spots in the famous Lővér hills, at the centre of five hectares of mature parkland – only a 15-minute walk from the town centre. Our event spaces can be arranged flexibly, and the park is available for open-air programmes and team-building activities. Every offer we make is tailored to individual needs, with particular attention to high-quality hospitality.

In 2025 both our rooms and our restaurant were completely refurbished. Following the conversion, the ground-floor restaurant is a **551.81 m² space for up to 350 guests that can be divided as required**, with natural light and air conditioning. The restaurant extension houses a **separate, lockable, sound-insulated function room** for smaller private events – so two large events can even dine at the same time. On the 9th floor the new **192.81 m² panorama hall** is located, with a 105.12 m² terrace and its own foyer – above the city, with panoramic views.

- **Five hectares of mature parkland** – a green setting in a sub-alpine climatic health resort.
- **Our own kitchen and patisserie** – led by an experienced chef, with dishes for guests with food allergies.
- **Recovery after the event** – Szieszta Wellness & Spa, with private, exclusive use available for groups and extended opening hours by prior arrangement.
- **Accommodation on site for everyone** – 288 rooms under one roof, 6 room categories, every room with a balcony and a view; rooms with experience baths and infrared saunas on the upper floors, and Sky Suites with a jacuzzi on the 9th floor.
- **Coach groups** – guarded coach parking on the hotel grounds, open-air car park in front of the main entrance.
- **Three countries on one trip** – Vienna 76 km, Bratislava 98 km, Győr 87 km, Budapest 210 km.

VENUES

Rooms and capacities

Key features	panoramic views, own restrooms, 41.01 m ² foyer, 105.12 m ² terrace	full-width opening onto the Panorama Hall	boardroom table, a separate meeting room on every floor	green event area in the hotel's own park

[TO BE COMPLETED] Please supply the figures marked ? – they cannot be established from the documents available. (1) The floor area and capacities of the **restaurant function room** (the restaurant extension), and whether its area is already included in the 551.81 m²: on the “state after conversion” working drawing the extension is not shown as a separate room but as part of the 551.81 m² restaurant. (2) The theatre, classroom, U-shape and standing-reception capacities of the 551.81 m² restaurant – the pre-conversion, 200 m² room was quoted at 250 theatre / 250 banquet / 350 standing, and those figures need re-measuring for the larger space; the 350 printed on the drawing is entered here as the seated capacity, please confirm. (3) The floor, layouts, ceiling height and air conditioning of the **Borostyán room** – the 30 m² and max. 20 guests come from the 2025 presentation; the room no longer appears on the website. (4) All layouts, the ceiling height and the air conditioning of the **Panorama Hall**, plus the standing-reception capacity of the terrace. (5) The number of seats and the air conditioning of the **upper-floor meeting rooms**, and whether they can be booked on their own. (6) The floor area and capacity of the **park and the event marquee**. (7) The U-shape capacity of the **Cyclamen room**, and whether its theatre capacity is 100 (website) or 140 (2025 material) – 100 is shown here.

The 1,060 m² is the sum of the indoor venues above: restaurant 551.81 + Cyclamen room 140 + Borostyán room 30 + Panorama Hall 192.81 + Panorama Terrace 105.12 + 9th-floor foyer 41.01 m². The restaurant function room is not yet counted separately. For coffee breaks and exhibitions the ground-floor **bar in the lobby atrium (109.51 m²)** and the **lobby (286.92 m²)** are available in addition.

FLOOR PLAN

Ground floor – restaurant, lobby, service areas

The ground-floor restaurant is served directly from the serving area and the 90 m² kitchen. Two bars support events: the restaurant's own **bar counter (14.44 m²)** and the **bar in the lobby atrium (109.51 m²)** – the latter a naturally lit space with skylights, equally suited to coffee breaks, receptions and exhibitions. Registration and the cloakroom are located in the lobby. The accessible WC, the passenger lifts and the loading ramp are all on this level. The lockable, sound-insulated function room in the restaurant extension is shown on the working drawing as part of the restaurant.

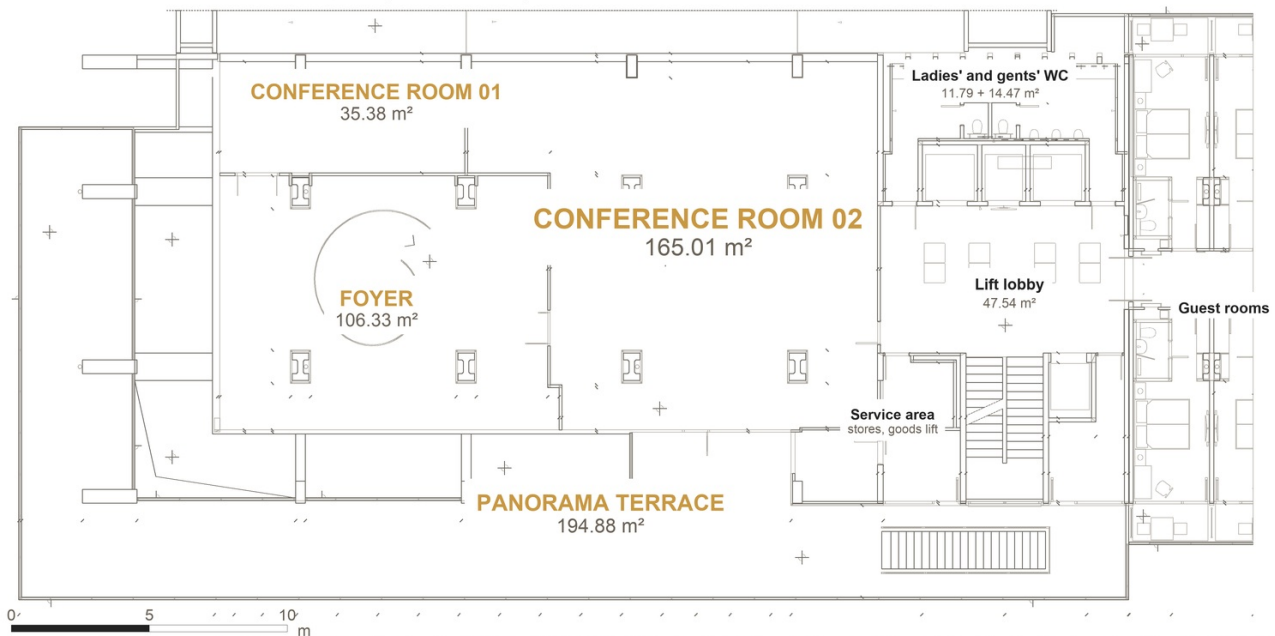

FIRST FLOOR

Conference rooms and foyer

The first floor is the conference level: two function rooms, a generous foyer and a panorama terrace of almost 195 m² – with dedicated restrooms and a lift lobby, one floor above the restaurant.

FIRST FLOOR

Conference rooms, foyer and panorama terrace

Drawn to scale from the geometry of the architect's working drawing (first floor, 24 July 2026). Original scale 1:100; read distances off the scale bar. The drawing shows the state after refurbishment.

- **Conference room 02 – 165.01 m²** – the main room on this level according to the working drawing of 24 July 2026. Today it operates as the **Cyclamen room** at 140 m²: 100 guests theatre-style, 60 classroom-style, 60 at a seated banquet and 180 at a standing reception, with a 2.80 m ceiling, natural light and air conditioning.
- **Conference room 01 – 35.38 m²** – a smaller breakout room for meetings, training and parallel sessions. Today it operates as the **Borostyán room** at 30 m², for up to 20 guests.
- **Foyer – 106.33 m²** – a dedicated space in front of both rooms: for registration, coffee breaks, exhibitions and standing receptions, without disturbing the sessions.
- **Panorama terrace – 194.88 m²** – open-air space on the same level, for welcome drinks, breaks and standing receptions.
- **Dedicated restrooms and lift lobby** – ladies' (11.79 m²) and gents' (14.47 m²) restrooms plus a 47.54 m² lift lobby on the floor.
- **Technology** – our function rooms are available with a TV or a projector.
- **Room hire** – free of charge until 16:00; after that, 20,000 HUF for each hour started.
- **Access and smoking** – by lift or stairs from the ground-floor lobby; from the first floor the main entrance is a few steps down the stairs, where the designated smoking area is located.

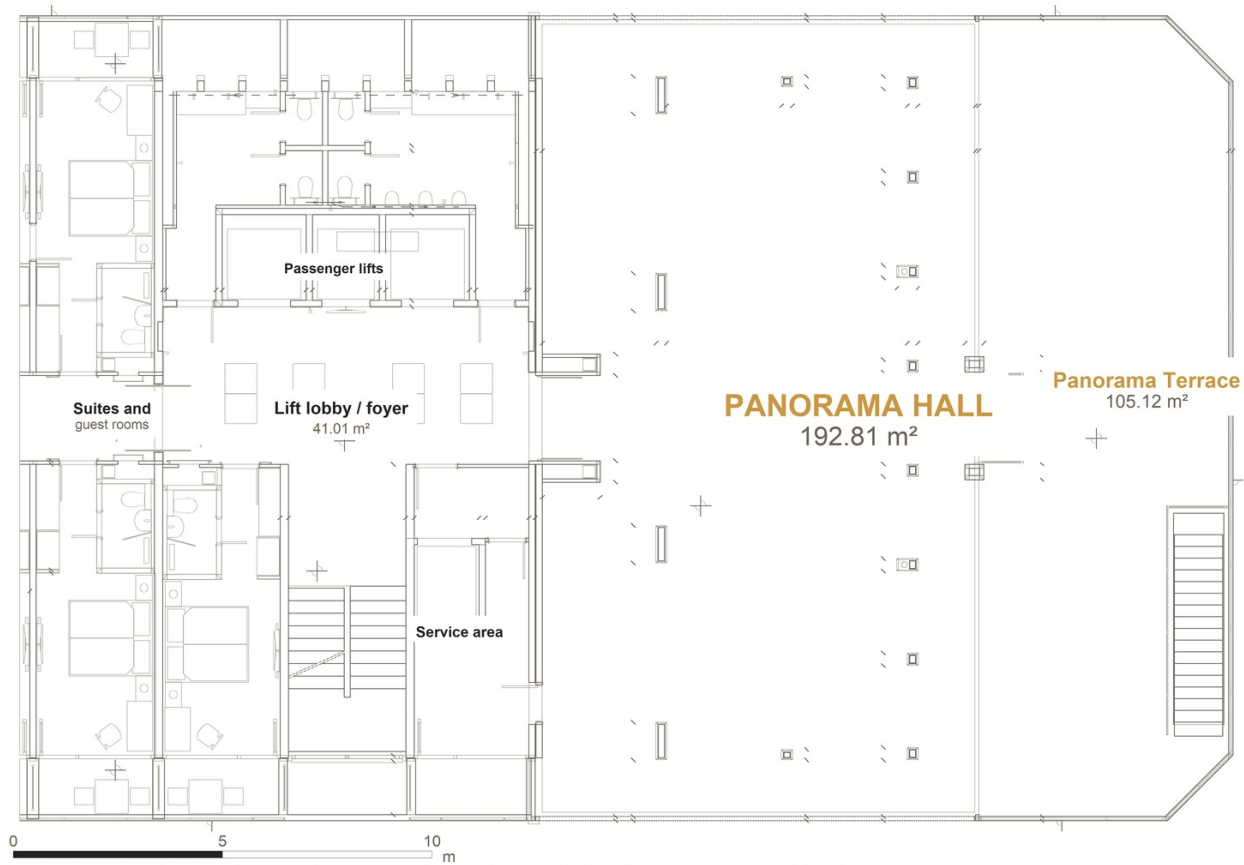

[TO BE COMPLETED] The first-floor working drawing (24 July 2026) shows the **refurbished** state: conference room 01 at 35.38 m², conference room 02 at 165.01 m², foyer 106.33 m², panorama terrace 194.88 m². The venue table still carries today's published figures of 140 m² and 30 m². Please tell us: (1) which room becomes the **Cyclamen** and which the **Borostyán**, or whether they will be renamed; (2) the **post-refurbishment capacities per layout**; (3) the **stage of completion and the opening date**; (4) the **ceiling height and air conditioning** of the rooms after the works. The 194.88 m² terrace and the 106.33 m² foyer are not yet included in the 1,060 m² total.

Panorama Hall – 9th floor

Our established portfolio of event spaces is joined by a truly exceptional addition: on the top floor of the hotel, 28 metres above the city, with panoramic views over Sopron and the Sopron hills.

9TH FLOOR · WING B

Panorama Hall and Terrace

Drawn to scale from the geometry of the architect's working drawing (9th floor, E-11, 23 July 2026). Original scale 1:100; read distances off the scale bar.

- **192.81 m² of event space** on the 9th floor, with views over the forest.
- **105.12 m² panorama terrace** – the glazed façade opens onto the terrace across its full width, ideal for welcome drinks and standing receptions.
- **41.01 m² lift lobby / foyer** – for registration, coffee breaks and buffet service.
- **Dedicated restrooms** – ladies' and gents' on the same floor.
- **Service access** – 3 passenger lifts and a goods lift directly beside the hall.
- **Adjoining suites** – Sky Suites with a jacuzzi and an infrared sauna on the 9th floor, for VIP guests.

*[TO BE COMPLETED] The Panorama Hall is being built to the working drawings dated 23 July 2026. Please supply the **expected opening date** (it will appear in the header and in the description of the hall), together with the hall's **ceiling height, air conditioning** and planned **technical equipment**. Until then the hall is presented as a venue opening shortly.*

CATERING

Gastronomy and catering

- **Our own kitchen** – Hungarian and international dishes under our experienced chef; the 90 m² kitchen serves the floors through a 47 m² serving area and two food lifts.
- **Special diets** – on prior request, dishes suitable for guests with food allergies (gluten- and lactose-intolerant guests, and guests with diabetes).
- **Our own patisserie** – from sweet and savoury petits fours and macarons to traditional and gluten-free cakes. Please order wedding pastries 2 weeks and cakes 3 days in advance.
- **Welcome drink** – for weddings, one glass of sparkling wine is a gift from the hotel; further drinks from our current drinks list.
- **Live music** – a live-music dinner on Friday and/or Saturday evening, subject to occupancy.
- **Meal times** – breakfast 07:00–10:00, dinner 18:00–21:00.

In the case of a severe food allergy, please note that our kitchen cannot separate the preparation of these dishes either in time or in space, so cross-contamination is possible and we cannot accept liability for it.

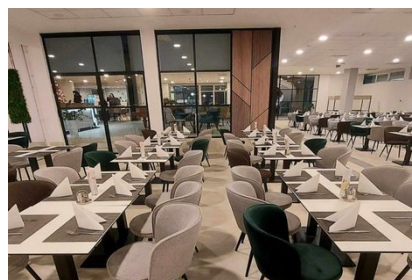

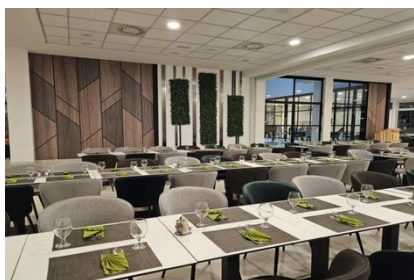

EQUIPMENT AND SERVICES

What we provide

Room hire	Free of charge until 16:00; after that, 20,000 HUF for each hour started
Technology	Our function rooms are available with a TV or a projector
WiFi	Individually addressed, fast WiFi throughout the hotel
Wellness for groups	Private, exclusive use of Szieszta Wellness & Spa on request
Parking	Open-air car park in front of the main entrance with camera surveillance; guarded coach parking
